

POWER TO EMPOWER

FASHIONED WITH PURPOSE, CRAFTED WITH COURAGE

Roma's Journey began at a government shelter home, a safe haven after a difficult time. She was quiet and unsure initially, but as she got comfortable with the outreach coordinator of Kshamata, a bond grew between them. This trust unlocked a hidden world of dreams within her. With a newfound spark, Roma began to learn life-skills and tailoring skills. Kshamata recommended her for a job in an export-oriented garment company.

Today, Roma thrives. She is financially secure, lives in a group home, and navigates the world with confidence, managing her finances on her own. Her heart overflows with gratitude for Kshamata whose belief and support empowered her to become independent and self-reliant

ABOUT KSHAMATA

Every year, millions of women and girls in India experience some form of physical or psychological violence, with dramatic consequences for their physical and mental health.

India's deeply entrenched patriarchal norms and gender discrimination hurts girls and women the most, leaving them most vulnerable to abuse, violence, trafficking and commercial or sexual exploitation, at every age and stage of their life. Vulnerable, exploited women lack the necessary skills, self-esteem, confidence and support system to successfully re-integrate into society due to fear of social stigma and rejection.

Kshamata works with women facing vulnerability and exploitation by providing them with essential life and livelihood skills, empowering them to break free from the cycle of exploitation, and enabling them to lead lives of self-reliance, freedom, and dignity by providing them a sustainable livelihood.

Your invaluable support will help Kshamata to empower numerous women to transition into self-reliant lives, regain their sense of dignity, identity, and self-worth. Restore and Rebuild a life. All proceeds from the sale of these products will go towards care, training and education of rescued women. All products sold are handcrafted by women who are part of the Kshamata family.
